Immediate family includes your spouse, partner, children or others living in your household.

Human Psychology provides a strictly confidential and effective counselling process that is solution-focused and practical. The service is aimed at enhancing wellbeing and mental health, and can be accessed face-to-face, by phone or Skype.

Accessing assistance is an act of independence and strength which will empower you to make positive changes in your life.

Please refer to the Human Psychology website for details about the team. Call or email reception to arrange an appointment that is convenient to you.

## About EAP

EAP is provided by UniSA to employees, immediate family members and HDR candidates at no cost.

You can access up to 4 one-hour sessions per calendar year. If longer-term counselling is recommended, the clinician will discuss options with you including a referral and any costs to be incurred.

Human Psychology will work hard to accommodate your preferences for a clinician. Phone counselling is an option if you need to speak to someone urgently.

The sooner you recognise any problem and discuss it with someone who can be of assistance, the easier it will be to resolve the problem.

## How do I access EAP?

Simply call 1300 277 924 and arrange a convenient time either face-to-face, by phone or Skype. Use of EAP is never compulsory but it may be recommended if your work performance is being affected.

## What about confidentiality?

Confidentiality is assured and maintained. Discussions with a clinician remain strictly confidential. Clinicians are bound by a professional code of ethics, preventing them giving out personal details without your written consent.

In some cases, it may be helpful for the clinician to hold a discussion with a particular person in your workplace, like your manager. This would only occur with your written consent.
